☐ OPEN MARKET (Auction Value)	The likely values that would be achieved at auction.
☐ POST LOSS	This value will represent an estimate of what the likely replacement cost would be now based upon the previous valuation descriptions and any other information gathered. We will only undertake this service for items that have been previously valued by SafeGuard.
☐ FAMILY DIVISION (Division of Asset)	The hypothetical prices likely to be achieved at a public auction. These values are normally less any commissions payable and therefore reflect the net proceeds.
